Circus is the second 2010 project from Jeremy "MisterHarding" Harding's 2 Hard Music label. Produced in collaboration with Nigel "Sleepy Sply" Staff, *Circus* is a seven track dancehall riddim album- a "juggling" as it is known in Jamaican parlance- featuring a range of new and established talent and a banging up-tempo beat.

Dancehall and pop superstar Sean Paul joins well known artists Elephant Man, Beenie Man, Mr. Vegas and Serani on the beat, with up-and-coming diva Denyque and rising star Chan Dizzy rounding out the selection. A megamix of the entire album is also included, courtesy of Jamaica-based DJ Engineroom (Christopher Edmonds) and MisterHarding.
